

Female Pelvic Medicine & Reconstructive Surgery**Fellow Presentations 2016-2021****2021****[Society of Urodynamics, Female Pelvic Medicine & Urogenital Reconstruction](#)**

Hendrickson WK. Predicting Efficacy and Catheterization after Intradetrusor OnabotulinumToxinA in Women with Non-Neurogenic Urinary Incontinence. Society of Urodynamics, Female Pelvic Medicine & Urogenital Reconstruction, Virtual

[Society for Gynecologic Surgeons](#)

Luchristt, D.. "Modern Trends in Operative Time and Outcomes in Minimally Invasive Hysterectomy." To be presented at the Society for Gynecologic Surgeons Conference, Palm Springs, CA. June 2021.

2020**[Society of Urodynamics, Female Pelvic Medicine & Urogenital Reconstruction](#)**

Hendrickson WK - SUFU Research Foundation Grant: Study of Chemodenervation grant recipient

[American Urogynecologic Society \(AUGS\)](#)

Hendrickson WK. Comparison of 100 vs 200 units of Intradetrusor OnabotulinumToxinA for Non-Neurogenic Urgency Incontinence: A Secondary Analysis. American Urogynecologic Society PFD Week, Virtual

Hendrickson WK. Sacral Neuromodulation: Sacral Anatomy and Optimal Lead Placement. American Urogynecologic Society PFD Week, Virtual

Vaughan M, Ma L, Karstens L, Amundsen CL MD1, Siddiqui. Prophylactic antibiotics and the urinary microbiome in menopausal women with recurrent urinary tract infections.

Luchristt, D.. "Is the modified Frailty Index predictive of perioperative complications in women undergoing benign hysterectomy?" Presented at the American Urogynecologic Society Annual Meeting, Online due to COVID-19. September 2020.

O'Shea MS. AUGS Consensus Conference for Prolapse Outcome Measurement: "Moving Forward: Which concepts should we measure and which items should we consider for measurement?"

[American Association of Gynecologic Laparoscopists \(AAGL\)](#)

Luchristt, D.. "Modern Trends in Operative Time and Outcomes in Minimally Invasive Hysterectomy." Presented at the 49th Virtual Global Congress on Minimally Invasive Gynecology, Online due to COVID-19. November 2020.

2019**[American Urogynecologic Society \(AUGS\)](#)**

Hendrickson WK, Havrilesky L, Siddiqui SY. Cost effectiveness of selective compared to universal urine screening protocol prior to urogynecologic surgery.

2018**[American Urogynecologic Society \(AUGS\)](#)**

Meekins AR, Bradley M, Wu J, Amundsen CL, Murphy S, Siddiqui NY. Role of Beta 3 Adrenergic Receptor Polymorphism in Severity of Overactive Bladder.

Bickhaus JA, Fraser MO, Weidner AC, Jayes FL, Amundsen CL, Gall K, Marini F, Robboy S, Siddiqui NY. Evaluation of host immune cellular and extracellular matrix responses to sacrocolpopexy mesh with and without tension.

Bickhaus JA, Fraser MO, Weidner AC, Jayes FL, Amundsen CL, Gall K, Miller A, Marini F, Robboy S, Siddiqui NY. Polycarbonate urethane mesh: a new material for pelvic reconstruction.

2017

[American Urogynecologic Society \(AUGS\)](#)

ORAL POSTER PRESENTATIONS

Vaughan MH, Siddiqui NY, Newcomb LK, Weidner AC, Kawasaki A, Bradley MS. Reduction of genital hiatus size decreases anatomic failure after native tissue vaginal vault suspension.

Bradley MS, Askew AL, **Vaughan MH**, Kawasaki A, Visco AV. Does surgical correction of an enlarged pre-operative genital hiatus impact anatomic failure after robotic-assisted laparoscopic sacrocolpopexy?

Askew AL, Visco AV, Weidner AC, Siddiqui NY, **Bradley MS**. Does mesh weight affect time to failure after robotic-assisted laparoscopic sacrocolpopexy?

Bickhaus JA, **Bradley MS**, Amundsen CL, Visco AG, Truong, T, Li Y, Siddiqui NY. Does a Recent Urinary Tract Infection Increase the Risk of Post-injection Urinary Tract Infection After Onabotulinum Toxin A?

Bickhaus JA, **Bradley MS**, Amundsen CL, Visco AG, Truong, T, Li Y, Siddiqui NY. Early Post-injection Urinary Tract Infection Predicts Recurrent Urinary Tract Infections After Onabotulinum Toxin A.

Newcomb L, **Bradley MS**, Truong T, Tang M, Comstock B, Li Y-J, Siddiqui NY. Correlation of Virtual Reality Simulation and Dry Lab Robotic Technical Skills

[Fellow AUGS Abstracts](#)

Bradley MS, Askew AL, **Vaughan MH**, Kawasaki A, and Visco AG. Does Surgical Correction of a Wide Pre-operative Genital Hiatus Impact Anatomic Failure and Robotic-Assisted Laparoscopic Sacrocolpopexy.

Askew AL, Visco AG, Kawasaki A, Weidner AC, and **Bradley MS**. Does Mesh Weight Affect Time to Failure after Robotic-Assisted Laparoscopic Sacrocolpopexy.

Newcomb LK, **Bradley MS**, Truong T, Tang M, Comstock B, Li Y, and Siddiqui NY. Correlation of Virtual Reality Simulation and Dry Lab Robotic Technical Skills.

Bickhaus JA, **Bradley MS**, Amundsen CL, Visco AG, Truong T, Li Y, Siddiqui NY. Does a Recent Urinary Tract Infection Increase the Risk of Post-injection Urinary Tract Infection After Onabotulinum Toxin A?

Bickhaus JA, **Bradley MS**, Amundsen CL, Visco AG, Truong T, Li Y, Siddiqui NY. Early Post-injection Urinary Tract Infection Predicts Recurrent Urinary Tract Infections After Onabotulinum Toxin A.

Vaughan MH, Siddiqui NY, Newcomb LK, Weidner AC, Kawasaki A, Bradley MS. Reduction of genital hiatus size decreases anatomic failure after native tissue vaginal vault suspension.

[Society for Urodynamics and Female Urology \(SUFU\) Winter Meeting](#)

ORAL POSTER PRESENTATIONS

Bradley MS, Burke E, Grenier C, Amundsen CL, Murphy SK, and Siddiqui NY. Urinary Methylation Patterns in Women with Interstitial Cystitis/Bladder Pain Syndrome.

Bradley MS, Boudreau MH, Grenier C, Huang Z, Murphy SK, and Siddiqui NY. Standardization of RNA Processing from Urine Sediment in a Clinical Setting.

[Society of Gynecologic Surgeons \(SGS\)](#)

POSTER PRESENTATIONS

Vaughan, MH, Kim-Fine S, Hullfish K, Smith T, Siddiqui NY, Trowbridge E. Validation of the Simulated Vaginal Hysterectomy Trainer (SimVaHT).

2016

[American Urogynecologic Society \(AUGS\)](#)

POSTER PRESENTATIONS

Bradley MS, Bickhaus JA, Newcomb LK, Amundsen CL, Weidner AC, Siddiqui NY. Vaginal uterosacral ligament suspension: absorbable and permanent suture offer comparable anatomic results.
